

# ROCHEDALE SOUTH STATE SCHOOL ROCHEDALE ROVERS FOOTBALL CLUB PARTNERSHIP PROGRAM

Rochedale South State School offers students the opportunity to be part of a soccer excellence program. Students selected in the Junior and Senior School soccer teams in Semester 1 have the opportunity to receive extra high quality training sessions as part of our partnership program with Rochedale Rovers Football Club. Head Coach and Technical Director Scott MacNicol takes afternoon training sessions with our School Soccer teams in Semester 1 and also offers introductory skills sessions to our Preps in Semester 2.

School based programs also include training sessions in break times for Grade 3's and 4's, preparing them for the following year of possible Interschool Sport representation. Students who excel, show excellent attendance and ability in these sessions have the opportunity to be selected for the school soccer teams at a younger age.
